

PRESS RELEASE

Dissertation on Dutch megaliths re-published after 30 years

Leiden 14 June 2009

Sidestone Press releases a new edition of "*The TRB West Group. Studies in the Chronology and Geography of the Makers of Hunebeds and Tiefstich Pottery*", the dissertation of Jan Albert Bakker, first published in 1979. This book deals with the research history and typo-chronology of the Dutch Funnelbeaker culture (TRB) pottery. Also the author gives a detailed account of the other TRB finds such as flint and stone artefacts and of course the most important TRB sites. Over the years this book has become a standard-work for anyone who is interested in hunebeds and their makers.

30 years after its first publication Sidestone Press, in co-operation with the author, now releases a second edition. Accompanying this 2nd print is a new introduction by Jan Albert Bakker in which he describes the context in which the book was originally written, also he gives an overview of the most important new research performed since the first publication in 1979.

The book "*The TRB West Group*" is now available at Sidestone Press.

The TRB West Group. Studies in the Chronology and Geography of the Makers of Hunebeds and Tiefstich Pottery
